4.4.2 There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.

There are dedicated committees and a provision for budget for the maintenance and upkeep of different facilities. To maintain the departmental requirements like laboratory equipment, stationary goods, furniture etc the head of the concerned departments submit written requisitions. Required items are provided within a short time through a proper procedure. A separate logbook is maintained by the GLI of the concerned department. The laboratory equipment purchase committee supervises the overall laboratory equipment purchase procedure. Day to day cleaning and maintenance of classrooms and laboratories is accomplished by the supporting staffs of the college. The corridors, washrooms are also cleaned up on irregular basis. There is an arrangement for refrigeration in each science department to maintain chemicals and samples in well condition. AMCs are purchased for the maintenance of electrical equipment like water purifier and cooler.

Two Librarians are there to regularly issue books to the students and to maintain library stock and rare books with the help of two supporting staff of the library. Sports equipment like cricket bats, cricket balls, footballs, Carom boards etc. are purchased and upgraded as per requirement.

Suri Vidyasagar College has a subsidized canteen to cater food and beverages to the students as well as the staff of the college.
