The respected teachers of the department have discussed about the proposal of the respected principal to open post graduate course in Mathematics.

Some issues have come out in the discussion of the meeting. Then unanimously it is resolved that it will not be possible for us to open post graduate course in our department right now.

It is also decided to write a letter to the principal about the discussion in the meeting.

Sub: Regarding opening of Post Graduate in the Department of Mathematics

Respected Sir,

First of all, Department of Mathematics Suri Vidyasagar College is thankful to you for your proposal of opening Post Graduate Course in our Department. The Department of Mathematics has discussed about the proposal in details in a meeting held on 29.03.2022. The following issues have come out throughout the discussion in the meeting:

1. At present, our Department has 4 substantive and one SACT faculty member out of which only three of us are NET qualified and having Doctoral degree. As per UGC norms non-net faculty members are not eligible for post graduate teaching.
2. Our senior most faculty member Prof. Shubhendu Ghosh is going to retire in early 2025 and our only SACT faculty member Smt. Soumi Das is already empanelled in WBSSC (which is under jurisdiction of honourable High Court) and about to leave our Department as soon as she gets appointment from WBSSC.
2. At present, we have only two class rooms, one of which is shared with other Departments and the other one is very small in size. Our Departmental Laboratory is too small to take classes of UG students. We also have no smart class room.
4. As per the UGC regulations the workload of direct teaching for an Associate Professor is 14 hours per week and for an Assistant professor it is 16 hours per week. At present, for under graduate teaching the direct teaching hours of our faculty members are as the following:

Teacher	SG	RS	PS	SJD	SD
Teaching hour/week	14	17	17	17	11

5. As per the latest syllabus of M.Sc., Mathematics, The University of Burdwan, each semester has 24 credits i.e., 24 hours of direct teaching per week for the first year and it becomes double from the next year. It is impossible for us to allot and take this amount of classes per week after taking regular classes of UG.
6. Our Department has no technical staff and it is impossible for us to take all the non-academic responsibilities for PG Course. For UG Course we are already having many additional responsibilities.
7. We also strongly believe that, the student's of PG departments of any affiliated college will not get the similar academic and infrastructural facilities as those studying in the respective Department of the affiliating University. This may affect their PG results and subsequent future. It will be against the reputation of our college esteem.

Under the above circumstances, the Department has enormously decided that it will not be possible for us to take the additional responsibility for Post Graduate Course in our Department right now.

Hope you will understand our compulsion and do the needful accordingly.

Thanking You,
