## Report on the Seminar on NAD

A one-day seminar-cum-workshop on National Academic Depository was held on 21st May, 2022 at Suri Vidyasagar College. The attendance was about 120 student and faculty members and non-teaching staff. The Principal, Dr. Tapan Kumar Parichha, pointed up the relevance of the seminar in this age of technology. He said that the goal of NAD is not only to impart accessibility power to the students but to save them from the hurdles of proving their bona fide candidature. The chief speaker, Dr. Pradip Kumar Roy, Deputy Controller of Examinations and Nodal Officer, NAD, The University of Burdwan, started his presentation by giving us a background idea about the project. He said that the government wants to go paperless to save the environment. NAD also saves time. UGC runs this project and BU website holds all NAD details, including the link for the official NAD website. DigiLocker is an inclusive depository system that safeguards students from losing important documents. Now students need not wait for convocation to get their certificates. Dr. Roy also offered hands-on training to students on how to search and download their academic credentials. A replica of a degree certificate was shown to the audience. He added that DigiLocker would contain all government-issued certificates in one place in the near future. It is now available as an app and has its own web-based version too. Students need to get their Aadhaar ID linked with mobile number to sign up. DigiLocker documents are on a par with the original ones. University certificates are to be found under the category of 'Education'. Candidates should keep this in mind that registration and roll number are needed for accessing certificates. NAD is not only useful for the regular students, but for those who take a break in between or want to change university following the multi-exit system. SWAYAM, an e-learning platform, offers more choices in this regard. Students can score 20-40 percent of their credits from SWAYAM. Teachers can also pursue courses on SWAYAM. It is hoped that digitalisation will make courses more dynamic. For now, only certificates, not mark-sheets, are available on DigiLocker. Google Meet option can be availed of and [nad@burunive.ac.in](mailto:nad@burunive.ac.in) is the official NAD mail address of the university. DigiLocker offers 2 GB of storage completely free of charge. Dr. Roy then assured the students that mother copies or hard copies would also be distributed along with the downloadable documents.

Question-answer session opened after the presentation followed by a brief discussion by Dr. Jagabandhu Nandi who said a few words about the vision of the government to make syllabi, entrance tests and grading system uniform throughout the country so that students can enjoy more flexibility. Finally, the Vote of Thanks was delivered by Prof. Kalan Mal, the current TCS of the college.

**Proceedings of the meeting held on 27.06.2022 in virtual mode**

The Principal presided over the meeting. The Convenor read the proceedings of the previous meeting held on 10.07.2021. The proceedings were confirmed without any modification or alterations. The Convenor reported the activities performed in the previous year as follows:

The Youth Employability Programme of the Tata Consultancy Services was successfully completed in the previous year. A list of 101 students was sent to TCS for the training programme. The programme started on 3rd September, 2021. Initially 59 students enrolled in the training programme. But finally 52 students completed the training. A few students among them were selected by TCS after the training, and some more opportunities were arranged to recruit the trainees through NQT examination. The trainees reported that they benefited greatly from the training.

In early June we shared information about the Work Integrated Learning Programme 2021 and 2022 of WIPRO to the students of computer science, mathematics, electronics and physics departments. But the result is unknown. In response to the email sent by Swatantra Microfin Pvt Ltd we sent an invitation to them for campus recruitment drive on 12.05.2022. But no response was received. Another local company Mammoth Life Support Pvt Ltd also requested us on 20.06.2022 to organise a campus recruitment drive for recruiting students from our college for their requirements such as field workers and back office staff. We accepted their offer and took necessary steps for the drive. But unfortunately they too did not come for the drive later.

Members proposed for the 2nd YEP programme as early as possible.

There being no other items for discussion, the meeting ended with a vote of thanks and gratitude to and from the chair.
