Observations and Conclusion:

Students' feedback regarding above mentioned attributes are quite satisfactory. Teachers should be encouraged to maintain their performance and valued guidance to the students. Although there is always room for improvements and they should thrive for same. However very few percentages of teachers' performance in every attribute do not match the expectations and it requires sincere attention.

More than 90% respondents find the adequacy of the curriculum and the skills students acquired are highly satisfactory. Our students are also equipped with soft skills like communication skill, leadership quality, punctuality and interpersonal behaviour, which are very much required for the overall enhancement of the workplace environment. This fact is being highly reflected from the feedback report from the employers. Few respondents have shown concern about the conduciveness of the syllabus for the readiness of the students towards recruitment, but this matter is mainly controlled by the university. Although the overall feedback from employers is highly satisfactory, there is always scope on further improvement of academic environment of the college.
